 You can also contact your local reseller to learn more about what Mojo can do for you.

# Mojo Cloud Managed WiFi Access

The cloud enables Mojo to support the entire access workflow, from access point setup and WiFi configuration through network optimization and support response. The goal is simple:

## INSTALL & CONFIGURE

- Logical site organization
- Automated policy propagation
- Zero-touch device provisioning

## MONITOR & OPTIMIZE

- Customizable dashboards
- Heat map visualization
- RF optimization and client handling

## RESPOND & ACT

- Remote troubleshooting
- Graphical packet analyzer
- Scheduled cloud and device updates

## Unique WiFi Access Features

These are just a few key features Mojo delivers with its cloud managed platform to bring the best to wireless access everywhere

**Mojo Wireless Manager** is a single pane-of-glass for all network and security policy workflows

**Mojo Navigator** provides a unique way of organizing WiFi networks for easy deployment and monitoring

**Mojo Nano** is a mobile-optimized experience for quick and easy WiFi set-up

**Mojo Packets** is the industry's only cloud-hosted graphical packet analyzer for WiFi troubleshooting

### About Mojo Networks, Inc.

Mojo Networks is redefining the modern WiFi platform. Imagine the scalability to set up millions of access points with a few clicks, all from your smartphone. Envision an Internet experience that engages users with your business to drive results. Stay secure on the same WiFi cloud powering Fortune 500s, Global 2000s and the highest levels of government. And enjoy the cost savings of a cloud-first solution without the pricey markup of proprietary hardware. Welcome to the era of prolific connectivity. Founded in 2003, Mojo Networks (formerly known as AirTight Networks), serves customers in the Fortune 500, Global 2000 and large carriers around the world. Set up a free trial of Mojo Networks today at [www.mojonetworks.com](http://www.mojonetworks.com).
