

Mojo Engagement

Meet Your Guests at the Intersection of Physical and Digital

What Mojo Delivers

Multiple ways to directly communicate with guests while they connect to your network

Massive data analysis to provide historical views and visualize behaviors and trends

Multiple ways to uniquely personalize the user experience throughout their connection

How Mojo Helps You

- Custom splash pages use images, text and dynamic content to create beautiful user experiences
- Guests easily share information for relevant programs and specials
- Third party platforms see active devices and opt-in guest data automatically
- Gain brand new insights with trend analysis of traffic patterns, proximity and repeat visits
- Learn about your visitors through demographic analysis of age, gender, location and more
- Visual approach to data analysis makes it easy to understand
- Create entire campaigns for specific regions or locations
- Flexible communication mediums including WiFi, MMS, social media and more
- Persistent in-browser communication triggered by time and proximity

Demo

Want to learn more? Of course you do! An intimate demo is the best way to learn more about Mojo Networks and what we can do to bring you the best wireless platform for every need.

Evaluation

 You can also contact your local reseller to learn more about what Mojo can do for you.

Mojo Cloud Managed WiFi Engagement

The cloud enables Mojo to support the entire engagement workflow, from guest network configuration and splash page design through direct engagement and analytics review. The goal is simple:

INSTALL & CONFIGURE

- Captive portal configuration
- Splash page design
- Authentication plugins

MONITOR & OPTIMIZE

- WiFi analytics
- Engagement analytics
- HTTP content analytics

RESPOND & ACT

- Automated data migration
- Real time presence alerting
- Customer outreach

Unique WiFi Engagement Features

These are just a few key features Mojo delivers with its cloud managed platform to bring the best to wireless engagement everywhere

Mojo Guest Manager takes guest networks to new heights with advanced features and controls

Social WiFi integrates social media into guest WiFi to drive demographic data sharing, social activation and a deeper brand relationship

Mojo Canvas is a web-hosted, interactive design app for creating beautiful splash and landing pages

WiFi Analytics analyzes and visualizes multiple levels of data to provide insight into traffic patterns, behavior and demographics

About Mojo Networks, Inc.

Mojo Networks is redefining the modern WiFi platform. Imagine the scalability to set up millions of access points with a few clicks, all from your smartphone. Envision an Internet experience that engages users with your business to drive results. Stay secure on the same WiFi cloud powering Fortune 500s, Global 2000s and the highest levels of government. And enjoy the cost savings of a cloud-first solution without the pricey markup of proprietary hardware. Welcome to the era of prolific connectivity. Founded in 2003, Mojo Networks (formerly known as AirTight Networks), serves customers in the Fortune 500, Global 2000 and large carriers around the world. Set up a free trial of Mojo Networks today at www.mojonetworks.com.
