mojo Networks

Mojo Cloud Managed WiFi Security

The cloud enables Mojo to support the entire WiFi security workflow, from authorized WLAN policy creation through device classification and event and report management. The goal is simple:

INSTALL & CONFIGURE

- Secure WLAN policies
- Dynamic classification rules
- BYOD onboarding

MONITOR & OPTIMIZE

- Active threat monitoring
- Security dashboard
- Spectrum analysis

RESPOND & ACT

- Automatic prevention
- Event alerting
- Automated reporting

Unique WiFi Security Features

These are just a few key features Mojo delivers with its cloud managed platform to bring the best to wireless security everywhere

Mojo Wireless Manager is a single pane-of-glass for all network and security policy workflows

Mojo AirTight is the industry-leading Wireless Intrusion Prevention System (WIPS) for wireless threat protection

Mojo One is a single sign-on service across the entire Mojo Cloud

Marker Packets are a key part of how to accurately classify active WiFi networks

About Mojo Networks, Inc.

Mojo Networks is redefining the modern WiFi platform. Imagine the scalability to set up millions of access points with a few clicks, all from your smartphone. Envision an Internet experience that engages users with your business to drive results. Stay secure on the same WiFi cloud powering Fortune 500s, Global 2000s and the highest levels of government. And enjoy the cost savings of a cloud-first solution without the pricey markup of proprietary hardware. Welcome to the era of prolific connectivity. Founded in 2003, Mojo Networks (formerly known as AirTight Networks), serves customers in the Fortune 500, Global 2000 and large carriers around the world. Set up a free trial of Mojo Networks today at www.mojonetworks.com.
